

Educators' Medicare Supplement

**GROUP MEDICARE SUPPLEMENT
PLAN F AND PLAN G
WITH OPTIONAL DENTAL COVERAGE**

2025 Outline of Coverage

Endorsed by
NSEA-Retired

Now That You're Eligible for Medicare

Your employer health plan has provided you with access, coverage and support, so you don't need to worry about the financial implications of medical care. Now that you are retired and age 65 or older, you need a different kind of health plan.

As a retiree, you now have the choice of Educators' Medicare Supplement Plan F or Plan G, available through your previous employer and Blue Cross and Blue Shield of Nebraska. Both plans include optional dental coverage. These plans provide valuable protection for expenses not covered by Medicare Parts A and B.

What Does Medicare Pay?

The federal Medicare program pays benefits for a wide variety of services. It's divided into two parts: Part A, which pays for covered hospital services, and Part B, which pays for covered doctor visits and other medical services.

Medicare only pays a portion of your medical bill, and that can result in significant out-of-pocket costs for you. For example, if you need to be hospitalized, Part A benefits are subject to an inpatient deductible. In 2025, that amount is \$1,676. That's a lot of money, and unfortunately, it isn't the only gap left by Medicare.

What's the Difference Between Educators' Medicare Supplement Plan F and Plan G?

Educators' Medicare Supplement Plan F and Plan G benefits are the same except for the Part B deductible.

Both plans fill the majority of gaps Medicare Part A and Part B do not pay. Both plans cover your Part A deductible and Part A daily coinsurance amounts, also known as your cost-share amount. Both plans provide you with up to 365 days of additional Part A hospital coverage after Medicare benefits end.

Educators' Medicare Supplement Plan F and Plan G cover all Part B services, but Plan G does not cover the Part B deductible for Part B services.

Both plans pay your Part B cost-share amounts for physician services, inpatient and outpatient medical and surgical services and supplies, physical, occupational and speech therapy, diagnostic tests and durable medical equipment. Both plans also cover your cost-share amounts for preventive services.

If you should require skilled nursing facility care, both Medicare Supplement plans pay the daily coinsurance amount not paid by Medicare. They also provide benefits for the cost share for certain home health care and hospice services.

If you need emergency medical care while traveling outside the U.S., both plans will pay for those services not covered by Medicare.

Optional Dental Coverage

With both Plan F and Plan G, you are eligible for optional dental PPO coverage. PPO stands for preferred provider organization. PPOs are special arrangements between insurers and a network of dentists to pay for covered services. As a result of these arrangements, you save money, because in most cases, you pay less in deductible and coinsurance when you use in-network dentists. If you use out-of-network dentists, you'll pay more money out of pocket.

Note: If you do not select the optional dental coverage when you first enroll in an Educators' Medicare Supplement plan, you will not be able to add it at a later date.

What the Educators' Medicare Supplement Plans Do Not Cover

- Services that are not considered a Medicare-eligible expense or services which are not covered by Medicare
- Prescription drugs
- Benefits that would duplicate those provided by Medicare
- Services that are not specifically listed as covered under an Educators' Medicare Supplement plan
- Services provided prior to the start date of coverage or after your coverage has ended
- Services for which you have no obligation to pay (This contract does not pay for charges which exceed the amount a physician can lawfully collect under Medicare.)
- Services for an illness or injury for which benefits are provided or are available under any workers' compensation, employer's liability or similar law or motor vehicle no-fault plan, unless prohibited by law

Conversion Coverage

If this group Medicare Supplement contract is terminated by your previous employer and not replaced with another, we will offer you coverage under one of our individual Medicare Supplement plans. You will not be subject to medical underwriting if we receive your application for conversion coverage within 31 days of the end of your retiree coverage.

Please note: The benefits provided under the conversion coverage may not be the same as those provided under these plans.

*These value-added programs are not insurance and may be discontinued at any time. The Blue365 program is brought to you by the Blue Cross Blue Shield Association.

This Outline of Coverage is not a Medicare Supplement contract. If you are eligible for Medicare, review the *Choosing a Medigap Policy: A Guide to Health Insurance for People with Medicare*, available at Medicare.gov.
