

The PC-Ace Update will be a ZIP file going forward *Instructions for unzipping the update are on page 2* *Please relax any anti-virus software briefly while performing the update*

If PC-ACE is installed on your local computer, create a folder somewhere convenient for you to access the update. By default, Windows usually saves the file to your Downloads folder unless you specifically change the path.

Perform a full PC-ACE Pro32 database backup before installing the upgrade.

2

Now you can point your Internet browser to:**nebraskablue.com/providers/neblueconnect/edi-downloads/pc**ace and click on the **Download the update** link in

Step 2 on the webpage.

All browsers are a little different. Internet Explorer displays this dialogue box. Click **Save** and wait for it to download.

Do you want to run or save Jan2017pcaceup.exe (22.3 MB) from nebraskablue.com?				3
🕐 This type of file could harm your computer.	Run	Save	•	Cancel

After locating the file, unzip the file to the default location (if necessary).
